Tony Brown

Tony Brown, also known as Norbert, is the Chairman of the S&DMCC.

... you can find him at the **Club meeting** on a Monday night:

Norbert has been the Club Chairman since 1979 and has been involved in motorcycles nearly all his life and his father, the famous George Brown,

He started motorsport in drag at 16 and went on to win the 250 British Sprint Championship 3 times before upgrading to his father's Nero and then Super Nero.

he also road raced 350s until he crashed on the Isle of Man, putting myself in hospital for six months.

His first road bike was a Triumph Tiger cub but today, now he's an old man, he rides a KTM.
