Follow us on 

Cider Bob

Cider Bob is just one of the general committee members. He comes up with new ideas but struggles to battle against the “old boys” on the committee. He also runs the website & Facebook page but as the “old boys” don’t understand technology, he gets away with all sorts.

He also plans & leads the group ride almost every Monday night through the year.

Cider can be contacted at:

- Email: StevenageAndDMCC@gmail.com
- Facebook: www.facebook.com/StevenageAndDMCC
- Website: www.stevenageandmcc.co.uk/contacts

... or find him at the **Club meeting** on a Monday night:

Cider joined the **S&DMCC** in 1988 when he first moved to the area as a way of getting to know local motorcyclist and it wasn’t long before he earned the nick-name (although it’s now a bit out of date).

He’s been an active member ever since, often being on the committee.

He’s ridden all year round every year for well over 30 years and has owned well over 40 bikes over the years, ranging from Honda step-throughs to high performance sports bikes and various other weird and wonderful machines. At the moment, he has a **Suzuki DL650 V-Strom** which he uses most days, a **Triumph Tiger 1200 Explorer** which only comes out when there is no salt on the road and a **Honda CRF250L**.

He’s an advanced rider and has also done a fair bit of green-laning and mild motocross.

He tries to get at least two tours in each year (normally more) and he goes along most Monday club nights - usually leading the group ride. He’s always up for a ride if he’s not at work and time/commitments allow so give him a yell if you fancy someone to ride with.
