

New Benefit Offering for S&DMCC Members from 2020

S&DMCC are now able to offer our members the opportunity to embark on the Institute of Advanced Motorcyclists RoadSmart Advanced Rider Training with a discount of £50 off the usual £149 for the course and test.

You probably wouldn't think twice about spending £99 on a piece of safety gear, but how about obtaining a skillset that could potentially save your life on our busy roads? There are also financial benefits including the probability of cheaper insurance and 15% off purchases at BikeStop.

As a first in this Club's history, we are now able to provide this benefit to our members 'in-house' with training by IAM observers embedded within our club.

Any members interested just need to contact any of the S&DMCC committee members and they will point you in the right direction to get you started with a no obligation 1-2-1 taster session with one of the club's IAM & IMI Accredited National Observers.

The process is simple and as below:
