Pete Starr

Pete Starr does a brilliant job at the thankless task of Club Treasurer.

... you can find him at the **Club meeting** on a Monday night:

Pete's been riding bikes since 1973. He started off as a teenager riding the lanes and **stubble fields** around the village where he was born, wrecking old **BSA Bantams** and scooters - which were easy to come across back then.

His first road bike was a **Honda PC50** but he's had too many bikes to mention over the years.

These days he rides a mint **Yamaha XJR1300** but his daily hack is a well used **Honda Blackbird**. If he had to pick a favourite, he'd say "all of them"!

Unlike a lot of the other "old boys" in the Club, the only racing he's ever done is to **the bar!**
