## Steve Vaughan

Steve isn't on the Committee, which is a shame because he is a really experienced motorcyclist with a great depth of motorcycling knowledge.

He is a stalwart of the ride leaders, riding in virtually any weather, all year round.

He organises a lot of group rides and often fries up a delight while out and about on a Sunday.

Although he used to be big in the off roading scene, these days he tends to stick more to tarmac and gravel. His Honda Transalp is always loaded with "just in casers" so if you ever brake down and he's your ride leader, you can almost guarantee he'll get you going again.

This is one of the few photos we have of him, on a Monday night ride:

If you'd like to contact Steve, you'll find him on the Club WhatsApp group.
